

SEEK TO DESTROY A-BOMB

Could Make 70 To 3,000 A-Bombs During Year

Atomic Energy Commission's Report Reveals Raw Materials Are Available

RIGID CONTROLS ARE NECESSARY

(BULLETIN)
LAKE SUCCESS, N. Y., Dec. 30.—(INS)—Sufficient raw material is available in the world for the production of 70 to 3,000 atom bombs per year, the atomic energy commission's report to the security council today disclosed.
The scientific part of the document, stressing the need for rigid safeguards and controls, states:
"An ineffective system of control would be worse than none. The interference in a country's normal activities introduced by an effective system of control would be small compared with the disturbances which would result from the defense measures necessary for protection against atomic weapons."

Lists Safeguards
Listing a number of adequate safeguards, the document warns against clandestine activities in the fielding of nuclear fuels. Such thievery, the report claims, would be easy and would be hard to discover because nuclear fuels can be diverted to small and well-hidden plants.

The survey goes on to explain that there is less danger of clandestine operations in the raw material field, as large factories are required to produce nuclear fuels.
It states:
"It would be difficult to carry on clandestine mining or concentration of uranium or thorium ores in adequate knowledge of their geological occurrence were available. This is due to the large quantities of material which must be processed and the difficulty of concealing mining operations in general."

Major Assurance
Recommending the free exchange of scientific information among nations, the report adds:

PA NEW OBSERVES

One resident of New Castle has kept a diary faithfully with a daily entry for not only the past year but for the past five years. She is Mrs. J. C. Lechner of Highland avenue.

Another stone pillar on the Public Square was broken by an auto some time last night according to Lieutenant Thomas Lynch. The operator of the auto so far has failed to report the accident at police headquarters.

Weather conditions changed from springlike to winter quite late Sunday, the temperature dropping 32 degrees in 24 hours, followed by a light shift of snow. Traffic was not seriously inconvenienced, however, as the hills and curves, both in city and on highways outside the city.

With more than 24 hours yet to go in the old year, indications point to the fact that several new records for births will be established at the Jameson Memorial hospital. The number born in any previous year, which was 1003, established in 1943, has already been exceeded by 142. Unofficially, the count at the hospital shows 134 babies born up to 8 o'clock this morning. In September, 137 babies were born, which set a new record for the number to be born in any one month at the Jameson hospital. The storm has been more than busy during the past week, 32 babies being born during that period.

Plan Inquiry Into Airliner Disaster

SHANNON AIRPORT, Eire, Dec. 30.—(INS)—Doctors said today that Charles Delaby Waterbury, four-month-old son of a Newark, N. J., ex-G.I., is recovering from the severe burns he sustained in the crash of a TWA airliner Saturday.

Twelve persons were killed and the remaining 11 aboard the Star of Cairo injured when it crashed on Bog Island near the airport and exploded.
Doctors at St. John's hospital in Limerick said the infant's mother, Mrs. Edith Delaby Waterbury, continued in a "critical condition".
The French war bride was en route from Paris to New York to join her husband Charles when the disaster occurred.

"Condition Critical"
Doctors made the same "condition critical" report for Capt. Herbert Tansey of Falls Church, Va., pilot of the doomed Constellation.

Tornado Strikes Arkansas Town

Jesseyville Area Is Scene Of Latest Tornado In Mid-West District

JESSEYVILLE, Ark., Dec. 30.—(INS)—Jesseyville residents today began cleaning up damage caused by a tornado that lashed the community and the nearby settlement of Possum Kingdom.

The Saturday night twister destroyed six houses and a store and blocked roads with toppled trees.
An automobile containing five persons was overturned several times, but no one was seriously hurt. Marshal Robbins, an occupant of the car with his wife and three children, suffered only minor bruises.

Robert Jackson, his wife and mother were carried 50 yards and dropped without injury when the wind swept up a bed on which the three were huddled.
Thirteen persons who lived in one house narrowly missed death when the twister uprooted large trees and dumped them in front of the dwelling.

Advices Against Opening Doors To Displaced Persons

WASHINGTON, Dec. 30.—(INS)—Sen. Revercomb (R., W. Va.), today advised Republicans not to open America's door wider to displaced persons of Europe.
Revercomb, after a study assigned to him by the Senate GOP steering committee, reported that it would be a "tragic blunder" to bring into the United States "those involved with a communistic line of thought."
The West Virginian urged that the new Republican majority in Congress be liberal in aiding distressed refugees but indicated his conviction that the relief should be given abroad.

Reorganization Plans Are Being Made By Byrnes

State Department Changes Of Extensive Nature Are Being Contemplated

ACTION IS LIKELY BY EARLY MARCH

By JOHN A. REICHMANN (U.S. Staff Correspondent)

WASHINGTON, Dec. 30.—Secretary of State James F. Byrnes today was reported planning to extend reorganization of the State department along broad lines to meet the growing problems of diplomacy.
Byrnes was expected to make numerous changes within the department now and early March will leave to attend the foreign ministers meeting in Moscow. This will be an extension of the reorganization which he started soon after he came into office and President Truman loaded onto the department the functions of many wartime agencies.

Proposed Many Changes
Byrnes early proposed many changes, including the creation of undersecretaryship for economic affairs, now filled by William L. Clayton, more pay and increased allowances for foreign service officers.
Additional plans are reported to have been drafted by Assistant Secretary Donald Russell who has been vacationing with Byrnes in South Carolina and Bermuda. Russell is said to have proposed that the department civil service employees be integrated with the foreign career service covering consular and diplomatic officials.
Any such plan was expected to face serious opposition in congress. It has been advocated largely by personnel entering the department during the war. These have been supported in their campaign by those brought into the State department when Mr. Truman dumped into it the remnants of the foreign economic administration, lend-lease, the office of war information and the office of coordinator of inter-American affairs.

Some Look with Satisfaction
It was believed that some elements in congress would look with suspicion on the diluting of the foreign service with civil service employees since the latter have had no schooling in diplomacy.

Republicans In Senate Begin First Parley

By WILLIAM THEIS (U.S. Staff Correspondent)

WASHINGTON, Dec. 30.—Senate Republicans feeling their first "victory pains" opened three days of conferences today to parcel out top jobs, line up a legislative program and decide what to do about Sen. Bilbo (D., Miss.).

A closed-door squabble was indicated by a small group of senators protesting a committee chairman's state which gives dual posts to several ranking members. The complainants contended also that there was too much jockeying for 1948 presidential position by the Taft-Vandenberg leadership.

Senator Taft (R., Ohio), who is slated to head the new steering committee and the labor committee, said the conference would take up the "most Bilbo" problem Tuesday and must again Thursday to pass on legislative proposals for the 80th Congress.

From the Democratic side, Senator Wagner (D., N. Y.), retiring banking chairman, appealed to Republicans not to "turn back the clock" (Continued on Page Two)

Police Dragnet Laid For Husband Of Murdered Woman

Man Sought By Police Of Nine States; New Jersey Woman Beaten, Buried In Yard

PAULSBORO, N. J., Dec. 30.—(INS)—Police of nine states today sought the husband of a 35-year-old Paulsboro woman whose brutally beaten body was found buried in her father's back yard.
The slain woman was identified as Hermine James. Three hours after her body was found, police sent out a flyer for the arrest of her husband, John Allen James, for questioning. James is a research engineer for an oil refinery.
His wife's father, Siegfried Vollmer, 62, told police James returned to the Paulsboro home Friday night from a visit to Brooklyn.
Vollmer said that when he asked the son-in-law where Mrs. James was, James told him she had gone to New York.
The son-in-law left yesterday morning, saying he was going to New York. Vollmer added.
Several hours later the slain woman's father continued, he went into the back yard to investigate the barking of his dog. There, he said, he found an 18-inch grave containing the body of his daughter.
County Detective George Small said the body was fully clad and wrapped in a blanket. The head had been "repeatedly fractured," he added and the body apparently had been placed in the grave Friday.

Urges Laws Be Broadened To Cover Unions

By RAYMOND WILCOVE (U.S. Staff Correspondent)

WASHINGTON, Dec. 30.—A report by a House investigating staff recommended today that the federal anti-trust laws be broadened to cover monopolistic practices of labor unions.
The proposal was incorporated in a list of recommendations made to the monopoly subcommittee of the House committee on small business and submitted to members for their information.

Congress was urged to "consider the need for permanent legislation which will strengthen the present anti-trust laws and make all segments of the economy now exempt from the anti-trust laws subject to them."

Lusk Building Sold For \$60,000

For a price of \$60,000 the building on East Washington street formerly owned by Bes L. Lusk has been sold to Ted Obodzinski and wife of South New Castle Boro. It was revealed today. The new owners could not be reached for any statement as to what changes if any would be made in the use of the building.

The sale was made from the beneficiaries of the estate of the late Mrs. Bes L. Lusk. They include Mabel Bateman, Oliver P. Rodenbaugh, Elizabeth Montgomery, Robert N. Rodenbaugh, May Helen Rodenbaugh, Marion McConnell Lusk, and Diane Louise Lusk.
The building is a three story brick structure and during his lifetime was occupied by Bes L. Lusk as a drug store.

Canton Apartment Fire Kills Three

CANTON, Mo., Dec. 30.—(INS)—A casualty toll of three dead and two injured was counted today as result of a fire which flashed through a three-story brick Canton apartment house.

The dead were Mrs. Marjorie Miller, 27, her daughter, Vickie, 3, and her mother, Mrs. Minnie Sublette, 74. They live in a basement apartment.
An explosion in the basement, where there were several gas heaters, was blamed for the blaze.
Fire Chief John Cooksey estimates damage at between \$20,000 and \$25,000.

Two Perish In Hawaiian Blaze

HONOLULU, Dec. 30.—(INS)—Two prominent young residents of Honolulu were counted as victims today of a fire which brought a tragic end to a weekend party at a plantation home at Waianae on the west coast of Oahu island.
Lester Petrie, Jr., 32, son of the mayor of Honolulu, and Miss Victoria Holt, 27, daughter of Mrs. Victoria Holt, Democratic national committeewoman for Hawaii, died in the blaze.
Other guests fled from the burning building to safety.

Wilson Heads Atomic Energy Commission

(BULLETIN)

WASHINGTON, Dec. 30.—(INS)—President Truman today announced appointment of Carroll Louis Wilson of Rochester, N. Y., as general manager of the Atomic Energy commission.
Wilson, who has been acting as consultant to the commission was unanimously chosen by the group to act as general manager after a nationwide canvass of candidates for the post.
The new general manager is 36 years of age. He is a graduate of the Massachusetts Institute of Technology and was right-hand man to Dr. Vannevar Bush, chief of the Office of Scientific Research and development, in the nation's wartime scientific development program which, among other achievements, developed the atomic bomb.

Pravda Says Wrong Impression Given Of Dairen Incident

LONDON, Dec. 30.—(INS)—Reuters quoted Pravda today as declaring that the report of the 48-hour ultimatum to leave the port delivered to an unnamed American vessel by Soviet authorities in Dairen "gives a wrong interpretation and is tendentious."

The declaration was contained in a special dispatch to Pravda, organ of the Russian Communist party, and quoted an authoritative source.
The dispatch referred to the experience of the courier ship LC-3 1090 which had brought diplomatic mail and supplies to the Manchurian "free port."

An American newspaper representing the combined world press wrote that the vessel pulled out following a Russian ultimatum that "unless you leave within 20 minutes we will not be responsible for the consequences."
The ship had overstayed its allotted 48 hours by 20 minutes "while the American consul fruitlessly sought permission for an American businessman and two news correspondents to land."
Pravda added:
"Local port authorities were not (Continued on Page Two)

Trinity Rector Will Leave City

Rev. Robt. M. C. Griswold Resigns To Accept Call To Brooklyn, N. Y.

SERVED IN LOCAL PARISH FIVE YEARS

Resignation of Rev. Robert M. C. Griswold, rector of Trinity Episcopal church, was announced at the morning service Sunday. Mr. Griswold has accepted a call to St. Luke's and St. Matthews Episcopal church, Brooklyn, New York, a much larger parish with a greater field for service, as rector associate, and will assume his new duties February 1, 1947.

The resignation was reluctantly accepted at a special meeting of the vestry and will terminate more than five years of successful rectorship in this parish. Mr. Griswold, a native of Philadelphia, assumed charge of Trinity parish December 1, 1941, coming here from Calvary Episcopal church in Pittsburgh. Since that date the local church has prospered and many substantial improvements have been made to the property.

During his period of rectorship he has served on the executive council of the Diocese of Erie, chairman of Christian Social Relations committee, chairman of the Youth Council and also served on other committees in the work of the diocese. This year he was honored in being elected as deputy to the General Church convention.

(BULLETIN)

LAKE SUCCESS, N. Y., Dec. 30.—(INS)—Soviet delegate Andrei A. Gromyko lashed out today with strong charges at the United States' vetoless atomic control proposal by charging that it violates the United Nations charter.

The dark-haired newly appointed deputy foreign minister insisted that the Big Five retain the veto on punishment of atomic code violators.
Gromyko launched his counterattack immediately after the U. N. atomic energy commission reconvened at Lake Success to consider the draft report on means and methods of controlling atomic energy.

Charges Wartime Promises Broken By Soviet Russia

WASHINGTON, Dec. 30.—(INS)—The House Postwar Economic Policy committee today accused Russia of breaking her wartime promises.

The committee warned that economic cooperation with the USSR cannot be achieved until she observes the Potsdam agreement to treat Germany as an economic unit.
In a "progress report" on the economic reconstruction in Europe, the bi-partisan group charged that Russia has "systematically stripped its occupation zones of production machinery as well as natural resources, has broken wartime promises, interfered with the internal governments of smaller European countries, and consistently sought to spread its domination over the continent."

Cold Weather Is Forecast

(International News Service)

A belated cold wave arrived in western Pennsylvania, eastern Ohio and West Virginia today with 20-mile-an-hour winds and snow flurries.

The mercury was expected to dip to the season's lowest temperatures tonight, with seven above zero predicted for the Pittsburgh area.

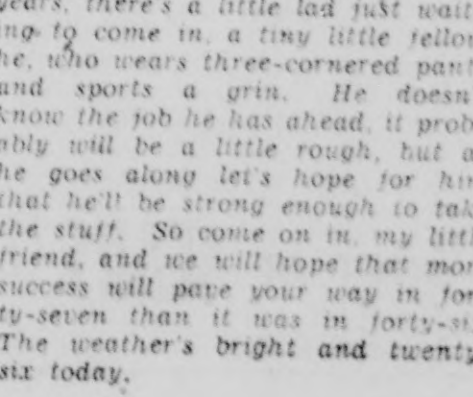

The weatherman declared that the cold spell would last for "three or four days".
Temperatures throughout the area during the early morning hovered around the 20 degree mark.

The cold wave, expected to arrive three days ago, was "holed up" in Alaska and Canada due to warm air moving in from the gulf of Mexico.
High winds throughout the night cleared most roads in western Pennsylvania but light snow was reported on the turnpike and roads in Clearfield county were slippery following sleet and rain during the night.

Man And Wife Die In Auto Crackup

Edward L. Gray, Former All-American At Illinois, And Wife Fatally Hurt

BRIDGETON, N. J., Dec. 30.—(INS)—Funeral services will be held January 1 for Edward L. Gray, 32, former University of Illinois All-American, and his wife, Carolyn L., who were killed when their car crashed into a tree in a tiny little town, where he wears three-cornered pants and sports a grin. He doesn't know the job he has ahead, it probably will be a little rough, but as he goes along let's hope for him that he'll be strong enough to take the stuff. So come on in, my little friend, and we will hope that more success will pave your way in forty-seven than it has in forty-six. The weather's bright and twenty-six today.

Firmer Stand By President Now Indicated

By ROBERT G. NIXON
(U.S. Staff Correspondent)

WASHINGTON, Dec. 30.—Congress will find a firmer, stronger hand at the White House helm during its forthcoming session.

President Truman is disposed to "get along" with the Republican majority Congress, but he isn't going to stand any "pushing around."

If Congress is in a mood to cooperate with the White House, members will find they are dealing with a chief executive of reasonable, open-minded attitude.

If the lawmakers want a fight, they will get that, too.

Mr. Truman particularly is hopeful of achieving a meeting of minds with the sons on strike-curing legislation. While the President will ask for broad powers to curb future strikes which threaten to paralyze the nation's economy, it is possible his suggestions will be even more moderate than Congress itself is in a mood to put into effect.

The Chief Executive desires legislation that will make labor realize its responsibility to the nation, but will not be as drastic as the case bill which he vetoed last summer.

Congress will find a far more conservative president to deal with than at any time during the past 13 years, as well as a stronger, more experienced president than the Truman of a year ago.

months to secure agreement on the numerous aspects of the draft report called for by the general assembly of the United Nations. The remaining disagreement issue up for debate at today's session is over the veto on punishment of atomic code violators.

The draft report
The draft report as issued for publication includes the United States formula for vetoes inspection and control. Under the section entitled "recommendations," the document specifies that there should be a strong and comprehensive international system of control and inspection defined by a treaty or convention of all U. N. members.

Conclusion Reached
Summarizing its general findings, the report arrives at the conclusion that scientifically, technically and practically it is feasible to:

1.—Extend among all nations exchange of basic scientific information on atomic energy for peaceful ends.

2.—Control atomic energy sufficiently to ensure its use for peaceful purposes only.

3.—Eliminate atomic weapons from national armaments.

4.—Provide effective safeguards through inspection and other means to protect complying states against violations and willful evasions.

The report asserts that international control to be effective "must be established by an enforceable multilateral treaty or convention which in turn must be administered and operated by an international organ or agency within the United Nations."

A striking indirect warning is then added: "Only by an international system of control and inspection can the development and use of atomic energy be freed from national rivalries with consequent risks to the safety of all peoples."

COULD MAKE 70 TO 3,000 A-BOMBS DURING YEAR

tions and cooperation among scientists as the best antidote to clandestine research, the report continues.

It is clear that the major assurance against clandestine activities would lie in the existence of effective safeguards, applied to known peaceful activities.

Five major control measures are offered:

1.—Systematic accounting for and auditing of key materials, closely bound up with inspection.

2.—Inspection through careful independent scrutiny of operations to detect possible evasions or violations. This inspection might verge on supervision.

3.—Supervision through continuous association with the plant management the designing of factories in accordance with prescribed rules, and intervention and suspension of work when deemed justified.

4.—Actual management of a plant to be vested, if necessary, in the central atomic control agency of the United Nations.

5.—Licensing of factories and installations permitted to operate in fields of atomic energy.

reported by a woman, who lives near the place. She saw that the door was open. The burglars forced open a transom then unbarred the door.

The rear door of the Town Pump was "jimmied" and according to Joseph Lagness's report, a considerable quantity of liquor was stolen.

Miss Margaret Orres, 507 West Washington street, reported Christmas bulbs stolen from a tree in her yard, last night.

Robbery Frustrated

Attempt to rob the Shaffer & Snyder Pharmacy, 146 East Long avenue, at 3:55 a. m. today was frustrated by the alertness of Policeman Harry Finner, South Side patrolman. The cylinder lock was found half-extracted.

He said he was walking east on Reynolds street and noticed two men standing in the doorway. He started toward Long avenue and the two men left. When he arrived at the pharmacy he discovered they had tried to pull out the cylinder lock.

months to secure agreement on the numerous aspects of the draft report called for by the general assembly of the United Nations. The remaining disagreement issue up for debate at today's session is over the veto on punishment of atomic code violators.

The draft report
The draft report as issued for publication includes the United States formula for vetoes inspection and control. Under the section entitled "recommendations," the document specifies that there should be a strong and comprehensive international system of control and inspection defined by a treaty or convention of all U. N. members.

Conclusion Reached
Summarizing its general findings, the report arrives at the conclusion that scientifically, technically and practically it is feasible to:

1.—Extend among all nations exchange of basic scientific information on atomic energy for peaceful ends.

2.—Control atomic energy sufficiently to ensure its use for peaceful purposes only.

3.—Eliminate atomic weapons from national armaments.

4.—Provide effective safeguards through inspection and other means to protect complying states against violations and willful evasions.

The report asserts that international control to be effective "must be established by an enforceable multilateral treaty or convention which in turn must be administered and operated by an international organ or agency within the United Nations."

A striking indirect warning is then added: "Only by an international system of control and inspection can the development and use of atomic energy be freed from national rivalries with consequent risks to the safety of all peoples."

tions and cooperation among scientists as the best antidote to clandestine research, the report continues.

It is clear that the major assurance against clandestine activities would lie in the existence of effective safeguards, applied to known peaceful activities.

Five major control measures are offered:

1.—Systematic accounting for and auditing of key materials, closely bound up with inspection.

2.—Inspection through careful independent scrutiny of operations to detect possible evasions or violations. This inspection might verge on supervision.

3.—Supervision through continuous association with the plant management the designing of factories in accordance with prescribed rules, and intervention and suspension of work when deemed justified.

4.—Actual management of a plant to be vested, if necessary, in the central atomic control agency of the United Nations.

5.—Licensing of factories and installations permitted to operate in fields of atomic energy.

lamp lighter here over 70 years ago. His father, John Marshall, who was New Castle's first policeman, had the contract for lighting the lights and was assisted in this work by his sons.

The boys would light the lights at dusk and their father would ride around on his horse at midnight and extinguish them. This service was omitted on moonlight nights. The circuit through small extended in all directions from the center of town. Ed Marshall, the last of five brothers, was born and raised in New Castle and is still active despite his 84 years. He would be interested to know if there are any other early lamp lighters in our city.

Rep. Kefauver (D) Tenn., subcommittee chairman, pointed out that the Supreme Court has held that "monopolistic practices of labor unions, when there was no collusion with management, are not subject to the anti-trust laws." He added:
"Under these circumstances, government agencies at the present time do not have authority to deal with concentration of power in the hands of labor organizations."
The report recommended that "all segments of the economy be made subject to a unified policy designed to prevent concentration and restrictive practices."

O'CONNOR-GALLAGHER WEDDING SATURDAY

St. Mary's church was the scene of a lovely informal wedding Saturday morning, December 29, when Miss Mary Irene O'Connor, daughter of Mr. and Mrs. James J. O'Connor, 308 East Reynolds street, became the bride of Vincent E. Gallagher, U.S.N. son of Mr. and Mrs. Vincent J. Gallagher, 624 Taylor street.

Vows were exchanged at 10 o'clock before a gathering of relatives and friends of the young couple. Rev. Fr. James P. O'Connor, brother of the bride, officiated at the double ring ceremony.

The bride, given in marriage by her father, was attired in a street-length dress of winter white with a headdress of white plumes. She carried a white prayerbook. Her flowers were a shoulder corsage of white roses and baby mums, and as her only jewelry, she wore a single strand of pearls, a gift from the bridegroom.

Miss Agnes O'Connor as her sister's only attendant, wore a pink dress with pink plumes as her head-dress, and a corsage of pink roses and baby mums. Robert Gallagher served his brother as best man. John O'Connor, brother of the bride was usher.

Following the congratulatory period, a wedding breakfast was served to 60 guests at The Castleton. Later in the afternoon guests were entertained at the home of the bride's parents, where a four-tiered wedding cake centered the table.

In the evening, the young couple departed on a motor trip to Florida, where they will reside. Both Mr. and Mrs. Gallagher are graduates of the local high school. Mr. Gallagher was formerly employed in the office of the Shenango Pottery company.

Mr. Gallagher is at present, stationed at Pensacola, Fla., with the U.S. Navy Air Corps as a student pilot. During the war he served on an aircraft carrier and saw action in the Atlantic and the Pacific theatre of war. He was later transferred to cadet training in the U.S. Navy.

D. D. D. Club Party

Members of the D. D. D. club met Thursday in The Castleton for their annual Christmas dinner party. Secret sisters were exchanged and 500 was enjoyed. Prizes were awarded Mrs. Richard Jones, Mrs. Ray Fulkerson and Mrs. John Thompson. Mrs. Herbert Ridgely was a special guest.

Mrs. John Thompson will entertain the group Thursday evening, January 16.

Mr. And Mrs. J. L. Coulter, Wed 60 Years, Hold Reception

More than 200 friends, relatives and longtime neighbors of Mr. and Mrs. James L. Coulter of 317 Vine street, New Wilmington, attended the couple's 60th wedding anniversary reception Saturday evening in the parlors of the New Wilmington U. P.

Flowers decorated the parlors and refreshment table from which ladies of the church served. A number of friends of Mr. and Mrs. Coulter poured for the guests who called to extend congratulations. The couple received many lovely flowers and other remembrances. At noon a dinner for members of the family and a few close friends was served at a manor near New Wilmington.

In addition to the guests of honor those at the dinner included Mr. and Mrs. Andrew Coulter of Williamsport, N. Y.; Mr. and Mrs.

Robert Coulter and son Richard of Lorain, O.; Mr. and Mrs. Charles Coulter of Chicago, Ill.; Mr. and Mrs. Charles Ewing, John W. Marshall and John W. Marshall, Jr., all of Beaver; Mr. and Mrs. Howard J. Meermans of Lakewood, O.; Mrs. Edward R. Brown of Birmingham, N. Y.; Mrs. Clarence A. Dunn of Oneonta, N. Y.; Dr. and Mrs. Harry Coulter and sons Richard and William and Miss May McKelvey, all of New Wilmington.

Since 1910 Mr. and Mrs. Coulter have made their home in New Wilmington where a decade ago they celebrated their golden wedding with a similar reception. Married December 29, 1886, at the bride's home near Andes, N. Y., they made their home in Bovina, N. Y., until they moved to New Wilmington in order that their two sons, Harry and Andrew, could attend Westminster college.

Labor Statistics Of State Revealed In Latest Report

Expect Employed In 1950 To Be 11
Per Cent Higher Than
1940 Figures

PHILADELPHIA, Dec. 30.—Approximately 4,133,000 Pennsylvanians were working or seeking work in 1940. Wartime pressures brought the labor forces, including armed forces personnel from the state, to a total of 4,810,000 in April, 1945, or a 16 per cent rise. By 1950, the work force will drop to about 4,600,000 or about 11 per cent above the 1940 level.

These figures, according to officials of the Philadelphia branch of the Bureau of Labor Statistics, highlight state and regional variations in prospective labor supply described in an article in the December issue of the Monthly Labor Review of the U. S. Department of Labor.

The wartime expansion in Pennsylvania's working population represented the net effect of several opposing forces," the report continues. "The main reason for the rise in the labor force was the universal participation of housewives, students, retired persons, and others not normally working. Approximately 479,000 of these 'extra' wartime workers entered in response to unusual labor demands.

"Most of the extra workers drawn into the labor force from the resident population of the state are likely to drop out by 1950. In the nation as a whole, two-thirds of 8,000,000 extra wartime workers quit the labor force during the first year of peace. It is likely that by 1950 those remaining will make up not more than 15 to 20 per cent of the wartime total force.

The prerequisite to economic brotherhood among the nations is cultural—if you will spiritual brotherhood. The foundation for this brotherhood is cultural affinity. This affinity, we believe, may well have its inspiration and consummation in the world brotherhood of music. International harmony could be more than a figure of speech.

'Urge To Kill' Prompted Private To Strangle Girl

CHAMPAIGN, Ill., Dec. 30.—(INS)—A 20-year-old Army private who said he had an "irresistible urge to kill" was held in jail at Champaign today in connection with the strangulation-slaying of Helen Marie Cler, 19, a clerk.

Pvt. Maurice Garrett, stationed at nearby Chanute field, told police after 10 hours of questioning, that he selected Miss Cler as his victim because "she was close at hand."

Miss Cler's body was found about 1 a. m. yesterday on the lawn of a rooming house where she lived. Garrett, who gave his home as Akron, O., said he met the girl in a tavern Saturday night. He bought her drinks, he said, and she allowed him to escort her home.

As they neared her rooming house, Garrett said he choked her into unconsciousness, dragged her into a shadowed area at the side of the building, and criminally attacked her. He then strangled her, he said, and left the body in front of the entrance.

Garrett was arrested in his Chanute field barracks after police learned Miss Cler has been seen with him in the tavern.

FLYING FARMERS ARE ORGANIZING

HARRISBURG, Dec. 30.—(INS)—Organization of a Pennsylvania flying farmers' association was slated today to be discussed by farmer-pilots at Harrisburg January 15.

Director William L. Anderson of the State Aeronautics Commission, said the commonwealth's "flying farmers" would meet during the State Farm Show to discuss problems and form an association. Anderson estimated there were several hundred farmers holding pilot's licenses. The meeting will be sponsored by the commission and The Pennsylvania Farmer, an agricultural magazine.

Anderson said many farmers had evidenced interest in using aircraft for spraying crops and for quick trips to cities. If weather conditions permit, some farmer-pilots may fly to the meeting to be held at the Harrisburg airport, he added.

Probe Possible Disease Brought By Mexican Beef

Agriculture Agents Think 'Foot
And Mouth' Disease May Have
Been Spread In U. S.

WASHINGTON, Dec. 30.—(INS)—The Agriculture Department is launching a widespread investigation to determine whether cattle imported from Mexico during the meat shortage brought any of the dread "foot and mouth" disease into U. S. livestock herds.

Dr. Severin O. Fladness, chief of the department's bureau of animal husbandry field inspection division, disclosed that spot checks are being made to locate areas into which Mexican cattle were shipped.

Fladness said that no sign of the disease has yet been reported within the United States. But he labeled the disease as "extremely contagious" and said it spreads rapidly.

The Agriculture Department yesterday reimposed the quarantine on importation of livestock from Mexico into this country after foot and mouth disease appeared recently in the vicinity of Vera Cruz, Mexico.

Fladness said it was quite possible that the embargo was put into effect in time to stop the spread of the highly infectious disease within the United States.

The agriculture official said the outbreak in Mexico was "a new epidemic." Prior to this time, he said, the entire North American continent from the Canal Zone northward had been free of the disease.

Two U. S. agriculture officials have been in Mexico for a week collaborating with Mexican veterinarians on diagnosing the disease, Fladness said.

The outbreak was discovered, Fladness said, in the states of Vera Cruz and Puebla and infected animals were found close to Mexico City.

The quarantine on entry of Mexican cattle into the U. S. was lifted last Oct. 18 to allow importation of Mexican livestock to relieve the meat shortage existing at that time.

Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Gremulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Gremulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Gremulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Expect U. S. Will Stand Firm On Veto Ultimatum

LAKE SUCCESS, N. Y., Dec. 30. (INS)—The United States is expected to stand on its veto ultimatum today in the crucial meeting of the atomic energy commission.

Final decision will probably be preceded during the day with another round of heated debate.

The week-end informal contacts among various delegations failed to produce a compromise, leaving Bernard M. Baruch's "either-or" challenge confronting the commission.

A strong improvement in Baruch's position developed over Sunday with telegraphic assurances from Sen. Arthur H. Vandenberg that the senate could never be induced to ratify an atomic treaty which grants the right of veto on punishment.

Competent observers believe that aside from the two provisions dealing with the veto, the atomic energy commission will speedily approve with unanimity the remainder of the 89-page draft report on hand.

This document, composite survey of the scientific and political problems embodied in atomic energy control, includes the Baruch plan for velocity inspection and control.

Conservation To Be State Issue

Governor-Elect James H. Duff Is Expected To Present Strong Program

OTHER NEWS OF STATE AFFAIRS

HARRISBURG, Dec. 30.—(INS)—Governor-elect James H. Duff, an ardent conservationist, is expected to present a strong program next year to save Pennsylvania's natural resources. During the 1946 campaign, Duff pledged the development of a large-scale program to conserve the commonwealth's natural wealth including a far-flung reforestation plan. He was expected to press the commonwealth's stream clearance drive, which he spearheaded as attorney general. Construction of storage dams along tributaries to streams to aid in flood prevention and provide clean water during summer dry periods and increase recreational facilities.

Next to taxes and a state bonus for World War II veterans, conservation was expected by some assemblymen to be a highly important issue during the 1947 session. In his campaign, Duff pledged development of recreational areas within easy driving distance of metropolitan areas.

The Pennsylvania Society for Crippled Children has reported that studies were being made into the feasibility of establishing a rehabilitation center at the Indianopolis Gap Military Reservation, 20 miles east of Harrisburg. The study was being made by the society and the State Board of Vocational Rehabilitation. The former army training center would provide dormitory facilities for 250 to 300 patients, the society reported. A 60-member staff would be required to care for 300 patients, it was added.

The Pennsylvania Federation of Labor (A. F. L.) has issued its 25th annual edition of "The Pennsylvania Federationist," its official publication. The 240-page book contains messages from P. F. L. officers, U. S. Secretary of Labor Lewis Schwellenbach, William Green, Am-

erican Federation of Labor president, and Thomas Kennedy, secretary-treasurer of the United Mine Workers of America.

There was some resentment among late-comers among state employees forced to eat in a small dining room adjoining the capitol cafeteria where a party was to be held. Diners were able to travel through cafeteria lines to obtain food but workers shooed them into the small dining room available for high state officials.

The State Health department has announced that it will receive \$98,290 from the Federal government for promoting child health services. The department said the Maternal and Child Health bureau would receive \$67,044 and the crippled children's program \$31,246. The money will be allocated by the U. S. Children's bureau.

Lt. Gov. John C. Bell, veteran attorney and retiring chairman of the State Pardons board, has occasionally during sessions chided his colleague, Secretary of Internal Affairs William S. Livenood, Jr., a law student at Dickinson college. During the final 1946 session an attorney brought out an intricate legal point which Livenood explained in detail. Later, Bell said to the attorney presenting the case: "Never mind the legal technicalities, Justice Livenood will explain them to the board. Give us the facts." Bell has been reported a leading contender for the attorney general's post in governor-elect James H. Duff's cabinet. Should he be named Justice department head, Bell would continue to serve on the board. Livenood has served on the agency for nearly eight years and will continue until 1951.

Six Gunmen Fail In Attempt To Rob Army Base

HAMILTON FIELD, Cal., Dec. 30.—(INS)—Federal and local authorities joined today in a manhunt for six gunmen who attempted to rob the Hamilton army air base finance officer.

The robbery attempt—apparently directed against Hamilton Field's quarter million dollar payroll fund—was thwarted by the heroism of an 18-year-old rookie soldier.

The rookie, Pvt. James M. Hill of Robinson, Ill., was on guard duty in a driving rain before dawn yesterday when the daring robbery attempt was made. Hill will be personally commended by the Hamilton Field commandant for his part in the gun battle with the bandits.

The Hamilton Field investigation was linked with the theft of \$4,500 in cash and \$5,000 in bonds from the army post exchange in the San Francisco Presidio.

Officials were unable to establish any immediate connection with the two incidents. Hamilton Field is 25 miles north of San Francisco.

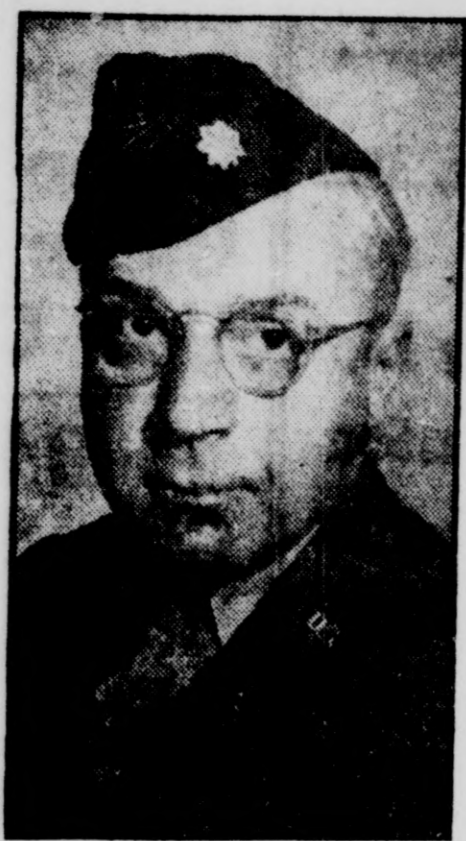

One possible clue to the identity of the gunmen came from military police who helped Hill drive off the bandits. The MP's said two of the men wore garrison caps.

Lt. Col. Wolf To Speak To Service Clubs On Tuesday

Member Of General George S. Patton's Staff Will Tell Who Will Win The Peace

LT. COL. RALPH WOLFE

Lt. Col. Ralph Wolfe, who served with General Patton's Third Army as an officer in the 37th division, will address a luncheon meeting of the service clubs of the city, under the auspices of the New Castle Lions club, Tuesday noon in The Castle-ton.

Lt. Col. Wolfe's subject will be "Who won the war—who'll win the peace."

A veteran of both world wars, Lt. Col. Wolfe served in the navy in World War I where he spent 37 months in destroyer service. He has been a member of the Ohio National Guard since 1925, and entered World War II as a member of the 37th division. His total service in two wars totals eight years and one month. Since 1938 he has been re-tired auditor in the Ohio state treasurer's office.

Lt. Col. Wolfe's talk is bound to be interesting and will give the viewpoint of a military man on the chances for future peace in the world.

Carrie Jacobs Bond Claimed By Death

HOLLYWOOD, Cal., Dec. 30.—Carrie Jacobs Bond, beloved poet-composer who wrote some of the nation's best loved songs, including "End of a Perfect Day," died Saturday following a heart attack. She celebrated her 84th birthday on August 11.

Mrs. Bond, born in Janesville, Wis., had been in ill health for the past year. She composed approximately 175 songs, including "Just A-Wearyin' for You" and "I Love You Truly." She also wrote many children's stories, some in prose, others in poetry. "End of a Perfect Day," published in 1910, won instant recognition.

Memorial services will be held Saturday morning, Jan. 11, at Forest Lawn Memorial Park, Glendale.

TWO BANDITS ON HOLDUP SPREE IN PITTSBURGH

PITTSBURGH, Dec. 30.—(INS)—Two bandits went on a holdup spree in Pittsburgh today, shooting, slugging and robbing seven victims in record time.

The pair, brazenly robbed four victims and shot one, despite the dozens of police cars that had been alerted.

An hour later they returned to the same district, shot and bludgeoned a fifth victim and then crossed town for two more jobs.

A blue peaked railroad's cap, dropped by one of the bandits, was the only clue help by police, who said the method of operation and the description of the bandits was the same in all cases.

The victims shot were William E. Brackman, 24, shot in the back and robbed of \$11, and Ben Benzinger, 27, shot in the right hand, beaten with a pistol butt, and also robbed of \$10.

Seek Solution To Murder Of Wealthy Otto E. Freund

Recovery Of Maid In Freund Home Holds Up Case, Woman Severely Beaten

CHICAGO, Dec. 30.—(INS)—Solution of the brutal murder of wealthy Otto E. Freund in his suburban Wilmette home apparently hinged today on the rate of recovery of his 52-year-old maid who was beaten by the killers.

Because of her critical condition, police still have not been able to get a complete story of the shocking crime from Miss Marie Held, who is in Evanston, Ill., hospital with severe head lacerations.

Physicians said her condition would reach a crisis in three days.

Authorities were seeking as a major clue a missing blade of a chisel which they believe was the murder weapon.

Freund, 84, retired engraving company executive, was stabbed to death Friday afternoon by two assailants who pushed into his home after summoning Miss Held to the door.

Miss Held told officers shortly after the crime that the killers were about six feet tall, slender, and ap-

Find Woman Dead In Radio Station

Mystery In Death Of Attractive Blonde Woman In Station At Washington

WASHINGTON, Dec. 30.—(INS)—An attractive blonde woman aged about 35 was found dead under mysterious circumstances today in radio station WWDC.

Washington police said the woman was tentatively identified as Elza Kettler from a name on a tag sewed to her tan polo coat.

Inspector Robert J. Barrett, chief of detectives, announced that a search was being made for a Washington taxi driver with whom the woman was understood to have had a "romance."

Station officials said the woman and the taxi driver apparently had been admitted to the studio by a WWDC employee on all-night duty. The employee was being questioned by police.

Died 'Of Natural Causes'

Barrett, however, said that foul play was not believed probable and that preliminary examination indicated the woman died "of natural causes."

The body, slumped over a chair in the studio lavatory, was discovered by Announcer Mike Hummelt when he reported to prepare for his early morning broadcast.

Hummelt, after calling police and notifying his employers, went on the air as usual, his listeners unaware of the grim drama he had unearthed.

Detective Will Question Youth For Alleged Crime

WASHINGTON, Dec. 30.—(INS)—A Washington detective was on his way to Martins Ferry, O., today to question a 19-year-old magazine peddler who "confessed" that he murdered a young friend in Washington on December 6.

Inspector Robert J. Barrett, district chief of detectives, said that assignment of the man to a police car was routine. Barrett said he was convinced that Donald Keith Dunlap was not telling the truth when he told Ohio police he killed Gene Smola and drove a car containing the body into the Potomac river.

"I just want to get the case cleared up," Barrett said.

The Washington Times-Herald carried an article in which it quoted the boy's mother, Mrs. Dessie Dunlap of Wheeling, W. Va., as saying the "confession" was attributed to insanity.

The story said Mrs. Dunlap revealed that Donald has been on parole from the state hospital at Weston, W. Va., since May. Mrs. Dunlap was quoted as saying the boy was admitted to the hospital in December, 1945, as a mental

patient and that "he is subject to hallucinations."

Washington police were reported convinced that neither the body nor the car was in the Potomac. A seven-hour search during which they dragged the river, revealed no clues.

FIVE INJURED AS DETROIT BUS SKIDS

DETROIT, Dec. 30.—(INS)—Five persons were injured today when a Detroit city bus loaded with 40 passengers skidded through oncoming traffic and crashed into a stone wall.

Four of the injured were taken to Mt. Carmel Mercy hospital with cuts and bruises, and a fifth was treated at the scene and taken home. All were women.

The driver, Ohauns Marakian, 22, was credited with quieting the panic-stricken passengers, mostly women.

MISSING BOYS FOUND

NEW YORK, Dec. 30.—(INS)—Five boys missing from Houston, Tex., since Friday on a 20-foot sail boat were located at a fishing camp near Anahuac, Tex., after an extensive search by the Coast Guard and private agencies.

The Coast Guard in New York said that according to the Eighth Coast Guard district in New Orleans, the boys had sailed for Turtle Bay, Tex. All five were safe, and a private craft was sent for them.

Report 'Blue Baby' Operation Success

Johns Hopkins Hospital Reports Lowell, Mass., Baby Is Recovering

BALTIMORE, Dec. 30.—(INS)—Johns Hopkins hospital officials said today the condition of Robert Magee, 2-year-old Lowell, Mass., "blue baby," was favorable following an operation performed Saturday by Dr. Alfred Blalock.

The baby, son of Mr. and Mrs. Francis W. Magee, was flown to Baltimore several weeks ago.

At that time Robert's condition was considered so critical that physicians feared the child could not live more than a week.

The 100 responded to treatment, however, and an operation to correct a malformation of the heart preventing a normal flow of oxygen was scheduled.

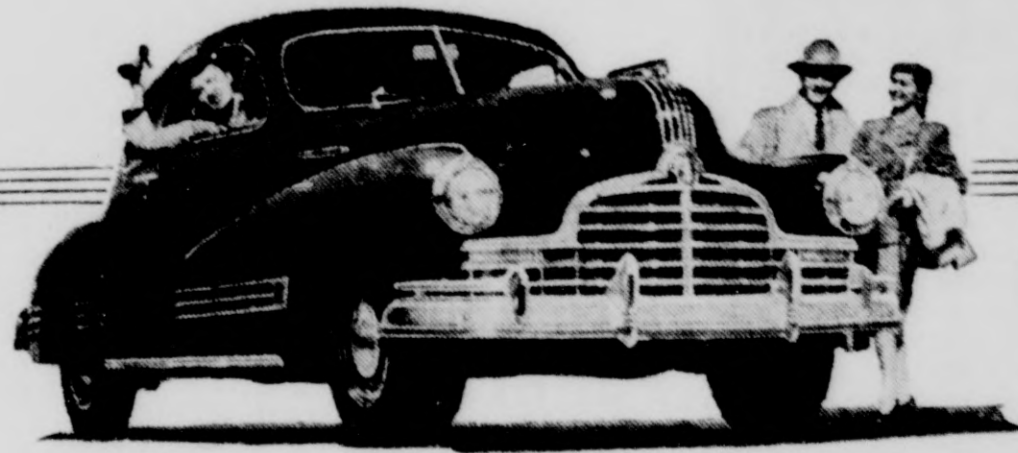

But Robert developed a cold and the delicate surgery was postponed until last Saturday.

The hospital indicated today that physicians were hopeful that Robert now will have an entirely normal childhood.

The "blue baby" operation was developed at Johns Hopkins by Dr. Blalock and Dr. Helen Taussig.

HAPPY NEW YEAR!

Our wish for you...
A NEW PONTIAC

PINEST OF THE FAMOUS "SILVER STREAKS"

For you who want a new motor car—all of you, everywhere—regardless of the car you may now be driving—

—we wish the finest wish we know how to make—A NEW PONTIAC!

We wish you a new Pontiac because it will bring you the most complete motoring enjoyment you have ever experienced. It is big, comfortable, luxurious, easy to drive and easy to handle.

We wish you a new Pontiac because it will bring you dependable and trouble-free performance. It is engineered with the utmost vigilance for detail and built with the care and precision you might expect only in much higher-priced cars. Its performance has made

more than a million friends of more than a million owners.

We wish you a new Pontiac because it will bring you extraordinary economy of operation. On the record, Pontiac requires a very minimum of service and upkeep expense.

And, finally, we wish you a new Pontiac because it will bring you pride of ownership unequalled at anywhere near the price. It is a car to be proud of, in every sense of the word—smart, beautiful, modern, and with marked individuality of appearance.

Truly, when we wish you a new Pontiac we make you the best New Year's wish we know how to make!

New Record For
County Licenses

Closing Year 1946 Shows
1,651 Marriage Licenses
Already Issued In
County

OTHER NEWS OF
COURT HOUSE

For every five couples that walked out of the court house in 1946 with a marriage license, someone walked out with a decree of divorce. This rather alarming ratio was shown today by Prothonotary and Clerk of Courts John A. Edgar in a recapitulation of marriage licenses and divorces for the year. The total marriage licenses issued (with five business days to go) is 1651. The total divorces handed down is 341.

This year has been a banner year for marriage licenses. In 1945 there were 1039 and in 1944, when the full impact of the war was felt, the total dropped to 648. In 1943 the war influence was felt also, the total then being 861. In 1942 the total was 1007 and in 1941, 1165. The percentage of one divorce out of five marriages in Lawrence county does not present a true picture. Actually the rate here of divorces is probably one to four and a half for included in the total marriage licenses are many couples from Ohio. Out of these there would be a percentage of divorces issued in Ohio but which are not included in the Lawrence county total.

In 1946 there were 398 divorce applications filed. Of these 341 were heard, 329 were granted, nine were refused and three have been heard but are not disposed of as yet. The total divorces granted in this county have increased in volume since 1937 but the sharpest increase is seen in 1946 (329) over 1945 (185). In 1937 there were 120 divorces granted, in 1938, 112; in 1939, 140; in 1940, 106; in 1941, 100; in 1942, 125; in 1943, 135; in 1944, 170; in 1945, 185, and in 1946, 329. There's probably a moral in this some place, if you want to dig it out.

INSTRUMENTS FILED

Of all the offices in the court house the register and recorder's office seems to show the sharpest increase in business for 1946. During the year which is not yet closed there have been 7888 instruments recorded and this does not include the military discharges. The total 7888 includes deeds, mortgages, leases, commissions and such. The total for the year will probably approximate 8000 as the year does not close until the first Monday in January.

As against the 7888 instruments already recorded in 1946, the year 1936, ten years ago, shows less than half, a total of 3152. In 1937 it went to 3817, in 1938 it dropped back to 3182, in 1939 it went to 3396; in 1940, 3602; in 1941, 4481; in 1942, 5048; in 1943, 5668; in 1944, 5314; in 1945, 5747; in 1946, 7888, with a probability of it going to 8000. The present year has seen a tremendous turnover of real estate. Realtors have been busy and in addition the county commissioners have sold many pieces of property for delinquent taxes. As a natural

Good Taste

By FRANCINE MARKEL

"My father wants to exact a
promise of me. That, before I marry,
I let him meet and analyze the
young man of my choice, that I
may not marry in haste to repent
at leisure," he puts it. Every boy
I bring to the house he analyzes
and looks at with a critical eye. He
points out weaknesses that are not
apparent to me. Is he right?"

Answer: Your father, with your
interest at heart, is well qualified
to protect you against matrimonial
mistakes. Of course, he should not
be hypercritical, but be able to
make allowances for the shortcomings
of youth—to be a good judge of
potential qualities which are usu-
ally apparent to perspicacious
adults.

Every woman can make a fool of
some man. And every man can
make a fool of some woman. But
set a man to catch a man. For no
man can fool another man... un-
less he wants to be fooled, or is a
simperton that anybody can fool.

There is no better source of in-
formation from which to get the
real low down on your suitor than
good old Dad. By all means, enlist
his aid and make him an accessory
before the fact. In which case, he
is much more likely to become an
accessory after the fact if you make
a bad bargain, for then he will feel
morally bound to stand by the deal
to which he gave his assent.

Insist upon your boy meeting
your Dad. If he shuns your home,
if he insists on picking you up with
his car downtown, if he declines
your invitation to dinner at home—
beware!

Before you become seriously in-
volved, get Dad to take him out for
a round of golf, to a boxing match
or out for a game of cards with the
boys. Let Dad see what kind of
man he is among men. Mother
might be taken in by his smooth
manners, his soft-spoken voice or
the cut of his clothes. But not Dad.
He knows it's all a part of the
game by which technique he is not
fooled.

Dad can find out for you the most
important things to be considered in
weighing a prospective son-in-law
in the balance—whether he can and
will work; whether he is ambitious
and headed for a definite goal—in
brief, whether he is a loafer or a
go-getter.

C.I.O. Is Seeking
To Smash Red
Elements Now

WASHINGTON, Dec. 30.—(INS)—
Right-wing leaders of the CIO are
engaged today in a quiet but ef-
fective campaign to smash the pow-
er of Communist elements in the
organization.

CIO President Philip Murray and
Secretary-Treasurer James B. Carey
are in the forefront of the move-
ment which admittedly may result
in "some casualties—loss of unions
and members."

The drive stems from the anti-
Communist resolution adopted by
the November national convention
of the CIO and the revision by that
assembly of rules governing CIO
councils.

Critics immediately condemned the
convention action as innocuous and
meaningless. The resolution said
merely that the CIO "resents" and
"rejects" Communist influence in
its affairs.

KISSICK-GUY WEDDING
Miss Shirley Kissick, daughter of
Mr. and Mrs. William L. Kissick,
became the bride of Neil Guy, son
of Mr. and Mrs. Frank Guy of
Chewton, in the parsonage of the
Chewton Christian church on Sat-
urday evening, with Rev. C. P.
Durbin officiating.

The bride was lovely in a gold-
trimmed frock of white wool, with
which she wore a gold sequin head-
dress and black accessories. Her
shoulder corsage was of red rose-
buds. Her sister, Miss Emma Mae
Kissick, served as maid of honor.
Jimmy Smith served as best man.

Following the ceremony, a recep-
tion was held at the Kissick home
for 45 guests. Sumptuous refresh-
ments were served by Mrs. Kissick,
assisted by Miss Emma Mae Kis-
sick, Mrs. William Cowan and Mrs.
Ira Dambaugh.

The newlyweds will reside with
the bride's parents after a honey-
moon in Cleveland. Both are grad-
uates of Ellwood City high school.
The groom served in the Army Air
Corps during World War II.

RETURN FROM FUNERAL

Funeral services were held at
Hookstown on Thursday for Mrs.
Mabel Lutton, former resident of
this place, who died Monday of a
heart attack.

Those from here attending were:
Mr. and Mrs. Clarence Yoho, Mrs.
Maude Yoho and daughter Gladys,
Mr. and Mrs. Samuel Kennedy, Mr.
and Mrs. John Yoho, Mrs. J. C.
Yoho, Paul Coulter and Mrs. Glenn
Hennon.

The deceased was a sister-in-law
of Mrs. J. C. Yoho and Mrs. Maude
Yoho.

PARTICIPATE IN PROGRAM

Sunday evening the Christmas
program of the Chewton Christian
church was presented under the di-
rection of the J. C. Yoho Bible
class. Those in the playlet entitled
"Christmas with the man on the
street" were: Regis Arnold, Wil-
liam Tillia, Richard Aiken, Carol
Allen Elmer Badger, Dorothy May-
berry, Violet Tillia, Paul Mayberry
and Leona McKim. Others on the
program were Betsy Huffman, Rena

Bernice Hennon and Albert Lutz.

CHRISTMAS MEETINGS
Thursday afternoon the pupils of
the Christian school presented a
Christmas program of plays, recita-
tions, piano solos, piano accompani-
ments and songs to a large gathering
of parents and friends. The schools
closed for their Christmas vacation
on Tuesday and will reconvene on
January 2.

Friday evening the girls of class
No. 7 of the Christian church met
in the basement of the church for
their Christmas party. They went
caroling and after returning to the
church exchanged gifts from around
a gaily decorated tree. Later a de-
licious lunch was served by the
teacher, Miss Ada Tillia.

CLASS HAS TUREEN DINNER

Mrs. Lena Aiken of Kay street,
Wampum, entertained class No. 3 of
the Chewton Christian Sunday
school for their annual Christmas
tureen dinner at 6 p. m. on Wednes-
day. There were 22 present, with
Rev. and Mrs. C. P. Durbin of
Chewton, Mrs. Frank Baker of
Whittier, Calif. and Mrs. Paul Tillia
of Volant as special guests.

The hostess had her home very
nicely decorated in keeping with
the Christmas season and a deli-
cious dinner was served, after which
a business meeting was held and
officers elected for the coming year.
An exchange of Christmas gifts took
place.

The class will meet at the home
of Mrs. Albert Lutz on Friday, Jan-
uary 31, for the next meeting.

A-bomb Experiments, Launching Atomic Age, Top Vital 1946 Events

With the awesome experiments of the atom-bomb blast dwarfing most other events, 1946 will rank high in the annals of history as one of the most important twelve months in the troubled records of mankind.

The planned tests of the new weapon threw open the doors to the atomic age, and while sounding the chord of ominous threat in the waging of future wars, it also gave wonderful promise of a better world through the marvels of atomic energy.

In the wake of this great step in science rode a series of other happenings that had much to do with making the past year vital, leaving its impression on the peoples of the world in a varicolored scheme of post-war developments.

Industrial Unrest

The United States was shattered by six major strikes during the year and experienced its most nerve-racking period in regards to labor-business relations.

Longest shut-down involved the General Motors workers, while big steel, railroads, electric power, shipping and coal also had their hour.

Besides these major disputes there was a film studio war, transit strike, meat packers' struggle, tug-boat workers strike, and other skirmishes of lesser importance to the nation as a whole.

By far the most newsworthy was the second walk-out of the soft coal miners and the government's battle against John L. Lewis, although the railroad shutdown and the steel dispute had their moments of high drama.

Domestic Events

Besides these tumultuous happenings in the field of labor, the nation experienced other vitally important developments.

The populace was shocked by many disasters with the Whitecourt hotel fire in Atlanta probably the worst of all, 121 dying in the holocaust.

Before this the LaSalle hotel tragedy took the lives of 43 and a similar fire in Iowa killed 15. Plane crashes hit a new high both at home and abroad while there were also two major railroad wrecks.

The most heinous crime of the year was the murder committed by youthful William Heirens who dismembered the body of six-year-old Suzanne Degnan in Chicago and hid the parts in a sewer.

For a better part of a week the nation watched with interest the daring fight by Alcatraz prisoners in their futile attempt to escape from "The Rock", one of the most daring plans ever undertaken by prison inmates.

Under terrific pressure the OPA died, but housing became snarled and during the fall the meat situation became acute across the nation.

The tidelands oil investigation and the Mead committee probe laid bare much of the profiteering during the war years and as the year ended the Senator Bilbo case was before the public.

British Loan Approved

After much bickering the loan to Britain was approved; Argentina was branded in the famous "blue book" accusation; the Pearl Harbor investigation dragged to a close, and the nation committed vast quantities of grain to feed the starving of the world.

President Truman finished his first year in office in April. The Supreme Court row between Hugo Black and Robert Jackson stirred Washington and the nation and persons everywhere mourned the loss of two illustrious figures in Carter Glass, senator from Virginia and Harlan Fiske Stone, supreme court chief justice.

Biggest political news of the year was the thumping GOP victory in which the Republicans won a majority in both the house and senate.

UN In Sessions

The meetings of the United Nations dominated the international picture beginning with the first parley in London in January. The meetings were climaxed by Gromyko's walk-out in New York over the Iranian issue, and Ernest Bevin's forceful "war of words" against the Russians.

The "Big Four" met in the first peace parleys in Paris and continued their meetings in New York.

Crown Prince Umberto of Italy fled his country in the face of an election crisis. Manuel Roxas was elected president of the Philippines. Juan Peron ascended to the leadership of Argentina and Aleman was chosen president of Mexico.

War Criminals Hanged

After 284 days the war crimes trial in Germany came to a close and 10 of the Hitler regime were hanged. Seven of the top-flight Nazis drew prison terms and three were freed.

One of the biggest stories of the year was Herman Goering's suicide, cheating the gallows by only a few hours.

There were also issues to make the hope of peace seem cloudy. Yugoslavian troops shot down two U. S. transport planes, killing five flyers and creating an international incident.

The Palestine question flamed into a bloody war and brought the major powers into a clash upon the problem of its settlement. In China the Communists and the Nationalists battled grimly despite earnest U. S. intervention and attempts at peace. India and Indo-China were scenes of other violence and in Greece there was much unrest.

Added to these shooting wars was Winston Churchill's unexpected and caustic denouncement of Russian activities while on a visit in the U. S. and Henry Wallace's stunning rap at the American foreign policy.

These latter incidents made the people of the world realize that despite the earnest and honest strides by our peace-makers there is still much work to be done to achieve unity and peace during the coming year and the ones that follow.

TEACH CHILDREN TO GIVE AS WELL AS RECEIVE

Keep the excitement of the Christmas season for dimming the long-time goals you have for your children's mental and physical health, is a reminder from Miss Margaret Little, extension specialist in family life of the Pennsylvania State College.

A few harmless breaks in the regular routine are beneficial, but if the season ends with a fretful, upset child you may be glad when the holidays are past, she says.

There is a difference between hilly excitement and deep, glowing joy. Excitement calls for more and more outside stimulation in order to remain at its peak. Joy radiates from within and makes the child, as well as those around him, happy. This is what parents want for their children.

Being able to enter into the spirit of giving, not only of material gifts but also of time and thoughtfulness, helps to make for inner happiness. Parents should make every effort to see that children not only receive gifts but also help them to plan and give to others. If giving calls for some self-denial so much the better.

Gifts should not represent money alone to children. Much pleasure comes from making articles with the hands. These items may be crude at first but parents can help children choose something that is not too difficult to make. Miss Little points out. Bringing children in on the holiday plans and festivities, such as getting the tree and decorating it, wrapping gifts, planning and preparing meals, will add to their deeper conception of the spirit of Christmas.

Landon Foresees Sweeping Victory For G. O. P. In 1948

CHICAGO, Dec. 30.—(INS)—A sweeping Republican victory in the national election of 1948 was predicted Saturday by Alf M. Landon, the party's 1936 stand-bearer.

The former Kansas governor, in Chicago to address the National Conference of Christians and Jews, told newsmen:

"I don't see how Republican chances could be any better."

He pointed out that, without taking into consideration current economic factors, there has been a change in the national government in the United States and England after each war.

Landon would not discuss possible Republican presidential candidates. He foresaw a hot fight for the designation, saying:

"The next G. O. P. national convention will develop into a 'battle royal' with a ring full of contestants. A lot can happen between now and 1948."

Says Truman as Candidate—He predicted flatly that President Truman will be the Democratic party's 1948 candidate. He asserted:

"I don't think there is any question about whether he will run. For the party to run anybody else would be a repudiation of the present administration."

"No party can win by repudiating itself."

Asked about the possibilities of his fellow-Kansan, Gen. Dwight Eisenhower, becoming a presidential candidate, Landon replied:

"I do not know the political leanings of Gen. Eisenhower. The American people, however, have great admiration for him and will view with respect any expression of his political or personal views. That is particularly true of Kansans."

Travels 10,000 Miles To Get His Prisoner

BOSTON, Dec. 30.—(INS)—If you want to travel, join the police force. Police Inspector Timothy Sullivan of East Boston, returned home Saturday from Seattle, Wash., with a prisoner.

What started out to be a 1,200 mile trip to Knoxville, Tenn., ended up as a 10 thousand mile 18-day cross country jaunt with Robert J. Upson, alias Robert J. Granville, 26, of Haverhill in custody. Upson was arrested on an indictment charging forgery and larceny with worthless checks.

Hunt for the suspect started last July 6.

When police got a tip he was in Knoxville, Inspector Sullivan left December 11 to pick him up.

Sullivan arrived in Tennessee to learn that \$1500 of the bad checks had been passed there recently, but Upson had departed.

Boston police traced him to Minneapolis and then to Seattle where he was arrested by the FBI for violation of the Dyer Act, interstate transportation of a car stolen in suburban Brookline.

The city of Inverness, Scotland, is of great antiquity, having been one of the Pictish capitals. In 1411 it was burned by Donald of the Isles.

Employers Willing To Give Reservists Annual Leaves

WASHINGTON, Dec. 30.—(INS)—An Army-Navy poll of large industrial firms was revealed today to show that employers generally are willing to give reservists annual leave from civilian jobs for field training without loss of vacation.

This disclosure was made by Rear Admiral J. E. Gurnick, director of the Naval Reserve; Maj. Gen. B. B. Milonberger, chief of the National Guard Bureau; and Maj. Gen. Ed-

ward S. Bros, the army's executive for reserve and ROTC affairs. It was said that in some cases employers are willing to make no cuts in pay checks for time spent in field training, about two weeks annually.

Results of the Army-Navy poll were disclosed at the War Department opened its 1947 congressional battle for universal military training. The department said military training can be integrated into President Truman's broad national youth program.

District Attorney Donaldson Reviews Year's Crime Record

As the year 1946 draws to a close, the resume of the various departments of government in Lawrence County takes on its annual interest here. In a statement today, District Attorney Leroy K. Donaldson summarizes the list of crimes committed in Lawrence County during the year and the amount of fines collected.

From the resume it can be seen that crime in Lawrence County during the year was not unusually high, that a lot of work must have been done to have so many disposed of by peas and at the present time the criminal docket is clear save for a few necessary postponements. The statement of Mr. Donaldson follows:

No Abnormal Rise Of Crime

"It was predicted in many quarters that with the ending of the war the volume of crime would surge to unusual heights. Whatever may have been the experience elsewhere, no abnormal rise in the volume of crime has been observed in this community to date. This year a total of 456 cases received the attention of the district attorney's office as compared with 411 cases in 1945. The total of fines collected during the year was \$17,519.51.

"The criminal docket is up to date. With one or two necessary exceptions, the year has ended with dispositions of all cases either by guilty plea or by jury trial. Moreover, has been an unusually successful year for winning pleas, thus disposing with jury trials, and saving hundreds of dollars in court costs and expense.

18 Per Cent Felonies

"The docket records for 1946 maintained by the office of the district attorney show that 83 cases, or approximately 18 per cent of the total, involved felonies. Offenses against property supplied a number of felony cases, for example, such crimes as burglary, larceny, and receiving stolen goods totaled 36 cases. There were 16 cases of robbery and attempt to rob, crimes that involved theft by threat or personal violence. There were 19 so-called 'white collar' crimes, such as forgery, making worthless checks, and cheating by fraudulent pretenses. Sex offenses, some of which were felonies and others misdemeanors, totaled 43. There were 38 cases of sex misconduct in 1945.

Domestic Relations Cases

"Domestic relations cases totaled 167 as compared with 118 such cases in 1945. These included desertion and non-support of wives and children, and also cases involving failure to support children born out of lawful wedlock. The personal tragedy, frustration and disillusionment implicit in these statistics is appalling indeed.

"The offense of operating a motor vehicle while under the influence of intoxicating liquor continues to be an outstanding misdemeanor. A total of 71 cases of so-called 'drunken driving' received the attention of the court in 1946. Fines and costs in the total amount of \$9,400 were collected.

British Officers Reported Kidnaped And Then Flogged

JERUSALEM, Dec. 30.—(INS)—A British major and three noncommissioned officers who were kidnaped and flogged severely by the Irgun Zvai Leumi led heavily armed details today in a search for their attackers in the all Jewish city of Tel Aviv.

British military authorities, fearing retaliations by incensed soldiers, ordered all not on duty to remain in their barracks.

They planned also to confront four Jews, believed members of the kidnaping group, with the victims. The Jews were captured early this morning in a taxi cab while attempting to crash through a road block ten miles east of Tel Aviv.

One of the men was wounded seriously. Police found a tommy-gun, ammunition, plastic hand grenades and two rawhide whips inside the cab.

The four Britons, including Major Brett, were whipped in retaliation for the flogging of Benjamin Toose-Kinchin, 16-year-old convicted bank robber, last Friday.

Kinchin, a member of the Irgun, was flogged in Jerusalem prison. He also was condemned to serve 18 years for taking part in the robbery of the Ottoman Bank at Jaffa.

Declares China Is Not Recognizing Russia-Jap War

NANKING, Dec. 30.—(INS)—A foreign office spokesman said today that the Chinese government does not recognize that a state of war exists between Russia and Japan—therefore "the administration of Dairen is clearly a matter for China."

The Chinese official explained that the Chinese government has been unable to take over the administration of the Manchurian city "owing to the continued existence of Chinese communist obstructions."

He added: "Legally, however, we have every right to administer Dairen."

The spokesman declared that the Chinese government has "no information" regarding reports Dairen is still occupied by Soviet troops. The spokesman's statements regarding the status of a state of war between Russia and Japan were directed to the Sino-Soviet treaty of 1945.

Nearly 20,000 Lose Voting Registration In Mahoning County

YOUNGSTOWN, Dec. 30.—The Mahoning County board of elections has removed 19,039 voters from the registration rolls for failure to vote either in the municipal elections of 1945 or the county, state, and national election last November.

This means that Youngstown probably will have fewer than 70,000 eligible electors for next year's municipal election instead of the 85,000 eligible this year. The drop also affects Campbell and Struthers.

There is a popular opinion that those who fail to vote generally are members of the upper middle class. The board's tabulation, however, shows that citizens in all walks of life have about the same reluctance to bother about voting.

The Scriptures have been printed in another new language, Anechi Quechua, which is spoken by some 30,000 in Peru.

Religious Cult Ordered To Stop Reptile Rituals

PAX, W. Va., Dec. 30.—(INS)—Members of the strychnine-arsenic drinking "Jesus Only" cult were under orders today to get rid of their snakes.

Mayor W. E. Woodwine has notified the leader of the faith-healing cult, Lloyd Richardson of Deepwater, W. Va., that no further meetings will be permitted with the poisonous reptiles.

If they fail to heed the order Mayor Woodwine said he would ask the town council to pass an ordinance prohibiting the use of poisons and snakes in the ritual.

The 45 snake handling poison-drinking members, many of them crippled and sick, have been meeting for the last six months in various parts of Fayette county but complaints from church groups and citizens brought the sharp action from Woodwine.

Richardson, who claims he had drunk strychnine and arsenic many times and handled many snakes, said he and his followers find the basis for their belief in the 17th and 18th verses of the 16th chapter of St. Mark.

The cult met last night in a little mountain home for perhaps the last time. Richardson did not explain what action the group would take.

Garments Knitted By Volunteers Here Arrive In Germany

In a letter of Christmas greeting from the Red Cross club in Weisbaden, Germany, the field director stationed there has expressed appreciation to the women of New Castle who have sent knitted garments overseas through the Lawrence county Red Cross chapter.

These knitted articles are being distributed to troops in the field who can use additional clothing—men working in outdoor motor pools, truck and vehicle drivers who are on long trips at all hours of the night or day, military police guards and conscripts. The Red Cross supplies the yarn and volunteer knitters supply the work. Volunteers are now working on sweaters, scarves and mittens for European children.

FIREMEN OVERCOME AS ANOTHER BLAZE HITS ATLANTA, GA.

ATLANTA, Ga., Dec. 30.—(INS)—One fireman out of the more than 60 affected was still hospitalized today as a result of fumes and smoke inhaled while fighting a four-alarm fire in downtown Atlanta.

The firemen collapsed on the street as flames poured from the Square Deal drug store, a half-mile from the fire-swept Winifred hotel, where 119 persons died December 7.

The cause of the fire was not determined.

BOARD MEMBERS LAUDED

HARRISBURG, Dec. 30.—(INS)—Ninety-eight members of county assistance boards completing six years' service in 1946 were lauded today by acting Public Assistance Secretary Robert P. Wray.

Under the law, board members may only serve two consecutive three-year terms. Each board has seven members except in Allegheny and Philadelphia counties where 11 members serve.

They suggest policy formulation and interpret the relief program for their counties.

New Castle High Loses Tough Battle At Altoona 42 To 32

Don Black Again Scoring Star As 'Whiz Kids' Lose

New Castle's Flashy Young Forward Dumps In 17 Points At Big Altoona Court

BATTLE AMBRIDGE HIGH HERE FRIDAY

New Castle High's "Whiz Kids" basketball team lost to Altoona Saturday night, 42 to 32, at the spacious Jaffee Mosque floor, but in doing so, stammered themselves as being scappers of the first water and champs for height and not being acquainted with the big floor, would have upset the highly favored Lions. A crowd of over 4,000 fans attended the game.

New Castle ended a two-day holiday trip with one victory and one defeat, for an even-tempered coach and entirely satisfactory to Coach Bill Douglas, who wanted to see what the "Kids" could do in tough competition. They licked Johnstown 35 to 29 Friday, and in doing so looked good, but Saturday night the boys were tired and while they could have great fighting heart, could not maintain a terrific first half pace which saw them leading the big Lions.

Don Black Stars

The shining light in the game was the work of young Don Black, the sensational New Castle forward, who continued his scoring stride of 11 points against Johnstown with a fine exhibition at Altoona, in which he had 17 points to be the outstanding player on the court for both teams. Twenty-eight points in two nights against that kind of competition marks Black as one of the finest high school players in Western Pennsylvania.

Besides being a good shot, Black is a great defensive player. He never quits trying. He had to be taken out of the game in the third period Saturday a fact that Altoona soon seized advantage of.

Locals Grab Lead

New Castle threw a genuine scare into the Altoona team in the first period, jumping away to a fast breaking 9 to 5 lead as the period closed. Black missed three easy shots in the first period being too anxious to tally, or New Castle would have had a bigger lead. The Altoona boys outscored New Castle 7 to 4 in the second period. New Castle held a 13 to 12 lead at the end of the first half.

New Castle Tires

The terrific first-half pace took its toll on the New Castle team as the second half began. Soon after the start of the third period with New Castle leading 15 to 12, Coach Douglas, sensing the fact that Black and Watters were tired from the first half pace, sent in two reserves and Altoona grabbed the opportunity to force ahead. Watters has a bad cold but insisted on playing, doing a fine job of guarding and also setting himself two field goals.

Altoona took the lead at the end of the third period 20 to 21, outscoring New Castle 17 to 8 in the period. In the final period it was the same thing, the big Altoona boys put on another rally and New Castle did not have enough stamina left to keep up the pace. Big Al Wood, the 6 foot 4 inch center, was held to a lone field goal by Chuck Rea. Ray Prosperi and Blanton along with Soghr did the bulk of the Altoona scoring.

Poor Sportsmanship

New Castle made but eight out of 19 fouls while Altoona had 12 out of 27 tries. Never has New Castle run into such poor sports as the Altoona fans turned out to be. Every time the New Castle had stepped up to shoot fouls the crowd would start yelling their heads off.

Swim Health Girl

AT A CONTEST held in Miami Beach, Fla., Doris Todd, 19, was selected as the national 1947 "Swim for Health" girl. Miss Todd will visit New York City June 23 to 28 as a special feature. (International)

NEW YORK, Dec. 30.—The public's confidence in sports probably has been undermined more in the last year than in any similar period in our history of big-time promotions and manipulations.

In a comparatively brief period we have seen basketball players marked as frauds, horse racing hit repeatedly by scandals, pro football sought out by gamblers, several boxing matches questioned, and baseball warned of a moral breakdown by one of its highest officials.

How much goes on that no one ever hears about?

For Easy Money

There is a disposition to feel all this off as strictly a passing development of war-times and post-war era, but actually the desire for easy money is a lasting thing and if the muzzlers get firm hold of sports scandals will be commonplace.

Betting seems suddenly to have become more important than the sports events themselves. Here in New York it has been virtually impossible at times to watch and enjoy a Madison Square Garden sports event due to the traffic in money back and forth among on-lookers.

Suggest Machines

A solution to all this for the benefit of both those who attend only to gamble and those eager to watch the sport would be installation of pari-mutual machines at the big events, so segregated that the watering could be carried on without interfering with the old-fashioned spectator. He's the one who likes sports and wins when he reads the headlines of these days.

Bunch of Jerks

They seem to be operating on the assumption that all customers at sports events are suckers and are to be taken for it. They are not. They are a bunch of jerks.

It is a little disconcerting these days to sit at a sports event wondering whether you are a sucker or whether the facts or your own writing are the facts or whether your suspicions of a fix are justified. The time when you could lay a bad prize-fight to a mismatch or a questionable outcome of some other sport to an off-day for one of the individuals or teams is over.

Good Clean Fun

The dishonesty isn't altogether in the gutters of sports, as you may expect it to be, and the extent of it must be strictly a guess. The picture of the rush for money is rather appalling—the Big Ten recently demanded and obtained a five-year contract to play football in the rose bowl at approximately \$10,000 a year; obscure schools are exposing their freakish basketball teams to the gamblers and the 4023rd at Madison Square Garden; reports of fixes in the boxing racket are numerous and probably correct; an entire minor league baseball club is under investigation and it may spread to the whole league—and on.

It's Just So Much Good Clean Fun

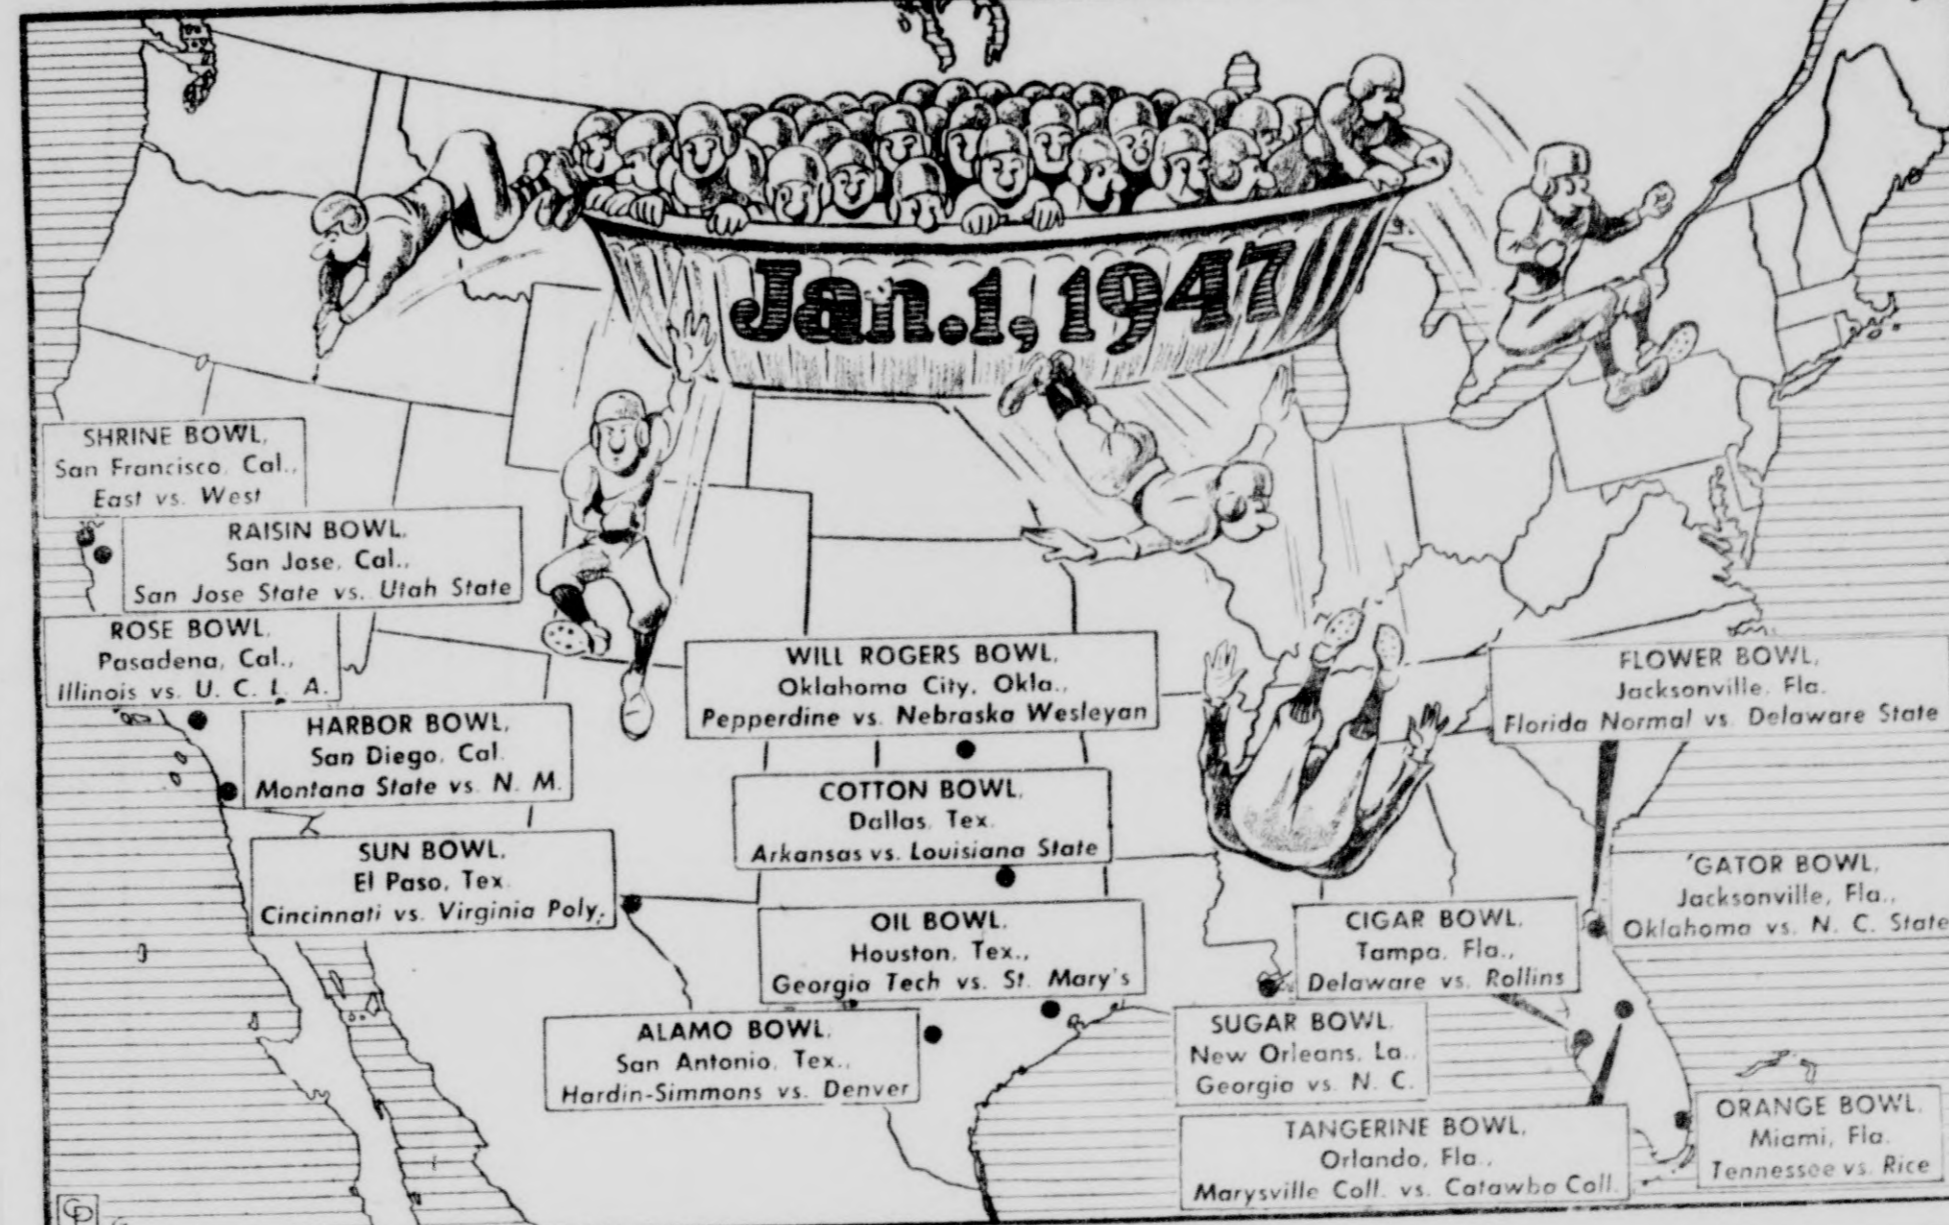

NEW CASTLE ELKS Lodge 69 basketball team opened its 1946-47 season at Greenville Saturday night by winning from the Greenville Elks 30 to 23, with Eddie "Bos" Strauss leading the scoring. The locals led at the half 19 to 8. The game was played at Thiel gym.

Ellwood City Elks 1356 Will Be the Opponents for the Local Elks at the Washington gym Saturday, January 4, for another Elks game. Several other Elks lodge teams in this district will be met by the New Castle Elks, it was announced.

COLUMBUS CLUB WINS

The Christopher Columbus Club basketball team defeated the Duca D'Abuzzi team 64 to 39 last Friday night at the Columbus Hall with 23 Ernie Adamo high man with 29 points, and Tomello with 29 points. This evening the Columbus Club will play the Hickory A. C. at the Columbus Hall at 7 o'clock.

Pulaski Quintet Stuns Pittsburgh 'Big Five' 61-54

Andrews, Cooper Lead Local Club To Brilliant Win Over Strong Pro Outfit Sunday

With Billy Andrews and Joey Cooper burning up the boards, the K. Pulaski quintet added one of their most brilliant triumphs Sunday at the Pittsburgh "Big Five", 61-54.

The locals were brilliant at the four line, sinking 19 out of 21, this feat adding no end in their steady scoring. Besides their scoring punch the locals clicked to perfection in guarding the ball and defending with "Pat" Patterson playing one of his finest games.

The K. P.'s zoomed to a 39-20 lead at the intermission and then saw themselves outplayed in the last half as the visitors took the final two halves, 24-22.

Report from the east says Ray Robinson, welterweight champion, may "go over the middleweights". When he defeated Tommy Bell, despite the loss of some lustre he once possessed, he put himself on the "up" side of the 160-pounders. He believes he can give Tony Zale or Rocky Graziano a tough fight or a shellacking. Paul McCullough will probably continue in Youngstown baseball next season. . . . Sharor, Greenville and Erie Tech have been added to the Oil City high school football calendar. . . . In spiderland, the male is weaker of the sexes. He usually is smaller than his mate and very much afraid of her. His fears are well founded, for it is a common procedure for the male to serve as a meal for his spouse which brings forth the query: "How would you like to be a male spider?" . . . It will be interesting for men who served in England and visited London to learn that it was so cold Saturday night that Big Ben sounded hoarse when striking nine. Several of the chimneys were missed. The temperature was 23 F. . . . Billy Fox, light-heavyweight, whose last victim was Shelton Bell, has won 43 consecutive bouts. . . . Fat white opposum, has been sent from Menominee, Ark., to President Harry S. Truman. It took first prize at Menominee. . . . Pete Iodice is a boxing agent in Detroit where Benny Kyrle is directing music. George D. Wolfe is also in Detroit in the music game.

Dembsinski Keeps Scoring Lead In Tri-State Area

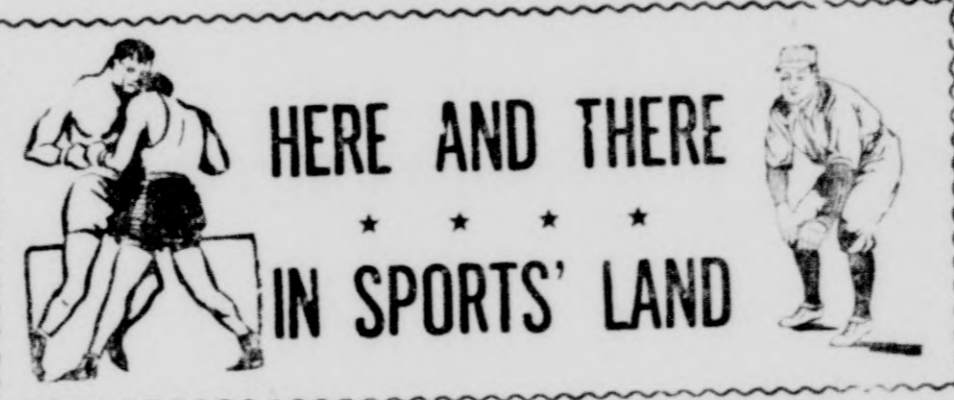

Westminster Star Center Has 88 Points, Hopes To Fatten Lead This Week (Special To The News) NEW WILMINGTON, Dec. 30.—Figures released in Pittsburgh show that Chester Dembsinski, the tall Westminster Titan ace center, still leads the tri-state area in scoring with 88 points, or ten points over his nearest rival, H. Knoche of Washington and Jefferson and Bush of Youngstown college with 78 points each.

Union A.A. Will Resume Meetings

Union township A.A. will resume regular meetings with the first one on Wednesday, January 15. It was announced by Dan Haddaugh, president of the A.A. The Union A.A. discontinued regular meetings during the holiday season with only committee meetings being held.

Junior Church League Results

Following are the results Saturday in the Junior church league at the "Y": Third U. P. 30-St. George 23; Trinity 32-St. Pauls 4; Croton 21—First Baptists 11; Central Presbyterian 19—Epsworth 11; First U. P. 28—First Presbyterians 15; Peoples Mission 16—First Methodist 15.

DEPARTMENT OF INTERIOR, Washington, D. C., started the calculating machine that eventually will tell sportsmen how much water-fowl duck hunting seasons is the annual January waterfowl inventory and the Fish and Wildlife Service has mailed memorandums to thousands of observers in coastal and inland duck wintering areas. The memorandums provide printed forms to show results of the survey. The estimates made by the observers next month will be checked carefully with surveys of former years and combined with reports from breeding areas next spring and summer before hunting season dates and bag limits are calculated. Frederick C. Lincoln of the Wildlife Service said he hoped the January survey would show some increase in the waterfowl population, which dropped sharply in 1945 and 1946. He based his hope on the 45-day 1946 hunting season, as compared to 80-day seasons in previous years and on bags limited by poor hunting weather. He said: "Nature has cooperated with us in conservation by reducing the kill. We just haven't had good hunting weather." Lincoln explained that an estimate made from the survey would give a pretty clear picture of breeding stock available in the spring and summer months, as the waterfowl migrate to northern breeding grounds in the spring and the annual migration to northern breeding grounds is negligible.

Report from the east says Ray Robinson, welterweight champion, may "go over the middleweights". When he defeated Tommy Bell, despite the loss of some lustre he once possessed, he put himself on the "up" side of the 160-pounders. He believes he can give Tony Zale or Rocky Graziano a tough fight or a shellacking. Paul McCullough will probably continue in Youngstown baseball next season. . . . His fears are well founded, for it is a common procedure for the male to serve as a meal for his spouse which brings forth the query: "How would you like to be a male spider?" . . . It will be interesting for men who served in England and visited London to learn that it was so cold Saturday night that Big Ben sounded hoarse when striking nine. Several of the chimneys were missed. The temperature was 23 F. . . . Billy Fox, light-heavyweight, whose last victim was Shelton Bell, has won 43 consecutive bouts. . . . Fat white opposum, has been sent from Menominee, Ark., to President Harry S. Truman. It took first prize at Menominee. . . . Pete Iodice is a boxing agent in Detroit where Benny Kyrle is directing music. George D. Wolfe is also in Detroit in the music game.

Kearns Claims Maxim Is Best Since Tunney

Winner Of Joey Maxim-Joe Walcott Bout January 6 May Meet Louis

PHILADELPHIA, Dec. 30.—(INS)—Boxing Manager Jack Kearns who guided Jack Dempsey to the world's heavyweight crown nearly 25 years ago, said today he has found "the best white heavyweight since Gene Tunney."

Kearns predicted that Joey Maxim, handsome Cleveland Italian, would ascend to the throne once held by Dempsey.

Said Kearns: "In my book, Maxim is the best white heavyweight since Gene Tunney and he's sure to beat Joe Louis."

Maxim meets Jersey Joe Walcott in a 10-round match in Philadelphia Jan. 6.

The winner, according to Kearns, has been promised a spring bout with champion Joe Louis.

Maxim already holds one victory over Walcott.

Protect Your Car Against Rust . . .

The underbody of your car is where rust is most active. Seldom do you see the underbody rust in making on these metal parts that are so necessary to protect your car. "Get out and get under." You can prevent further action of rust on those parts by having Hite Bros. give the underside of your car an application of 3-M Underbody Protective Coating. It stays to protect what you can't replace.

Expedition To Probe Mystery Of Polynesians

War Department To Send Explorers On Wood Raft Across 4,000 Of The Pacific

WASHINGTON, Dec. 30.—(INS)—The War department made room in the atomic age today for a four thousand mile expedition halfway across the Pacific ocean on a prehistoric raft sailed by six Norse explorers.

The department announced that the explorers, equipped with U. S. Army supplies, expect to solve mysteries surrounding the origin of the people and civilization of the Polynesian islands.

Leaders of the four months expedition from Ho, Peru to Polynesia is Thor Heyerdahl, noted explorer from Lillehammer, Norway. The strange journey is scheduled to start in February.

Heyerdahl told reporters that he believes the journey will give credence to his controversial theory that the original settlement of the Pacific islands resulted from a migration of prehistoric American peoples rather than a trek from Asia.

The 25-foot balsa wood raft which Heyerdahl and his companions will ride will be a replica of the type preserved in ancient Inca legends and early Spanish historical accounts.

The War department, in exchange for data on the journey, has provided:

Special Equipment
Protective clothing and life-saving equipment; non-perishable ration; liferafts; waterproofed containers for equipment; sleeping bags and communications equipment.

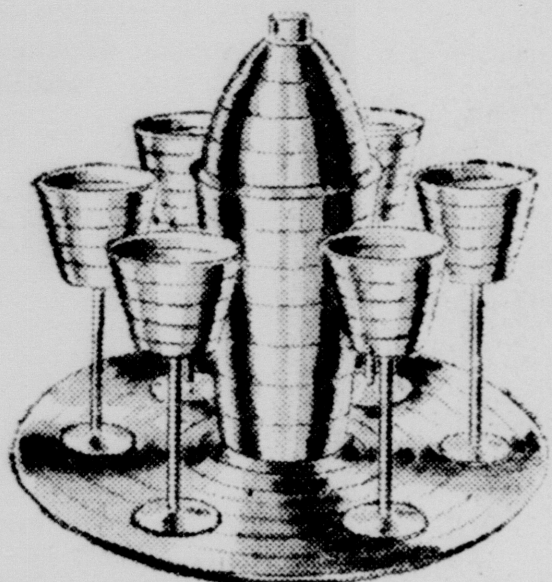

The explorers are searching for a suitable radio in the hope of sending voice reports to regular communication establishments and to any interested amateur radio operators.

Heyerdahl said that he wanted no ships to follow the raft in case of emergency. He expressed belief that the expedition has a 100 per cent chance for success.

The expedition is called "Kon-Tiki" after the Peruvian white sun-god.

The sixth member of the party has not been definitely selected. In addition to Heyerdahl, these four explorers are making the trip:

State College Head Looks Back Across 20 Years

Sees Growing Appreciation
Of Need For Greatly Ex-
panded Higher Learn-
ing Program

STATE COLLEGE, Pa., Dec. 30.—Ralph Dorn Hetzel looked back today on 20 years as president of the Pennsylvania State college, and discerned in this state a "growing appreciation of the need for greatly expanded programs of higher education."

Dr. Hetzel, who boasts the longest tenure of any president in the National Association of State Universities, added the warning, however, that "our own state if it is to keep pace economically and industrially with others, must have an educational agency whose major objective is service to the people of the commonwealth and their interests."

The Penn State president, who served as president of the University of New Hampshire before he assumed his present office on January 1, 1927, currently is engaged in trying by emergency means to accommodate at least one of every two students who seek admission to the Pennsylvania State college. He is credited with founding the plan whereby approximately 3000 Penn State freshmen were "farmed out" this year to State Teachers colleges and other cooperating institutions.

Charts Future
Dr. Hetzel, in charting the future

course of this 92-year-old institution, pointed to the serious depletion of natural resources and the increasing competition which Pennsylvania is facing in manufacturing and industry, as two of the more compelling reasons why Pennsylvania needs a vast program of scientific research directed at the solution of these problems.

He also cited as one of Pennsylvania's most urgent problems "the training of more and more men and women capable of assuming leadership in this period of adjustment and reconstruction."

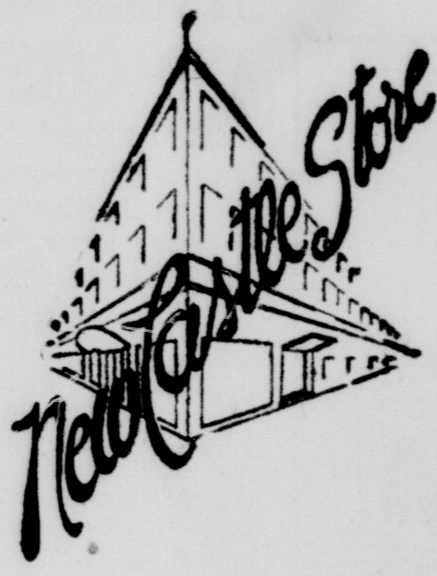

Whereas Penn State's enrollment currently tops 10,000—7,000 of whom are accommodated on the campus, and the others at off-campus centers and the State Teachers colleges—there were only a few more than 3,000 students when President Hetzel was formally inducted at Penn State 20 years ago.

Enrollment Reflected
This increase in enrollment is reflected, also, in the number of Penn State graduates. Before Dr. Hetzel took office in 1927, the college had conferred 9,026 degrees. In the 20 years since, degrees have been conferred upon 23,753.

Expansion has been marked in every area of service during the Hetzel regime. Under his leadership, two sizeable building programs boosted the value of the physical plant from \$2,700,000 in 1926 to more than \$26,423,000 in 1946, and this advance was steady despite a major economic depression and a second world war.

Similar advances have been made in curricula, research, and extension services, in physical plant and in equipment, and in the financial resources necessary to carry on the work of a great and growing institution.

When the first Europeans arrived in China and Japan, tea was the national beverage of both countries.

Around Hollywood

By JOHN TODD
International News Service Staff Correspondent

HOLLYWOOD, Dec. 30.—(INS)—Tomorrow night's nuptials will find the Bogarts, meaning Humphrey and his Betty, mixing. They're going down to Newport to spend a very sedate New Year's eve on their yacht, the Santana. That's about as far away as you can get from Hollywood's merriment without jumping in the blue Pacific itself.

The fact is the Bogarts got all the celebration they needed Christmas eve. That's when Betty threw a big party both to celebrate the holiday and Bogey's birthday, which falls on Christmas.

As Bogey explained it to your reporter later: "Is there anything wrong about a fellow getting home a little early and taking a nap?"

Said Betty: "We were right in the midst of preparations when I walked Bogey, at 5:15, mind you. I've never known him to come home so early." Anyhow, Bogey got chased right out, and told to come back later, so he went back to Hellinger, adding two and two together. When Bogey came back later with one of his pals, some of the guests getting ready to enter the house saw him driving up in his car and promptly hid in the bushes, under eaves gushing rain water. Bogey saw them and said: "Come on out, it's all right." Yes, everyone was surprised except Bogey but they all had a wonderful time.

Mrs. Bogey, who had planned it all, got the biggest surprise—a mink coat. "It's simply beautiful," said Betty. "That's the way life is in Hollywood dear people."
